## Summary

Objective:

Passionate and skilled Front-End Developer with a strong background in creating responsive and user-friendly web applications. Committed to staying updated with the latest web development technologies and trends to deliver exceptional user experiences.

Summary of Qualifications:

- Proficient in HTML5, CSS3, JavaScript, and popular front-end frameworks (e.g., React, Angular, Vue.js).
- Experienced in building responsive web designs and ensuring cross-browser compatibility.
- Strong knowledge of user interface (UI) and user experience (UX) design principles.
- Adept at optimizing website performance for faster loading times.
- Familiar with version control systems (e.g., Git) and agile development methodologies.
- Excellent problem-solving and communication skills, collaborating effectively with.

In my work experience, I have collaborated closely with design teams to ensure that their visions are brought to life in the final product. I am skilled at translating design concepts into code and implementing them in a way that not only looks great but also enhances the user experience.

In addition to technical skills, I am a strong communicator and collaborator, always seeking to understand the needs of my team and stakeholders. I am a problem-solver who is able to think creatively and strategically, finding innovative solutions to complex challenges.

## Experience

### Frontend Developer

GIIT Africa

Apr 2022 - Present (1 year 6 months)

- Collaborate with designers and back-end developers to translate wireframes and mockups into interactive and visually appealing websites.
- Develop and maintain code for client websites, ensuring optimal performance, usability, and accessibility.
- Implement responsive design techniques to provide seamless user experiences across various devices and screen sizes.
- Optimize website performance by minimizing HTTP requests, leveraging browser caching, and using performance monitoring tools.
- Conduct code reviews, troubleshoot issues, and provide solutions to enhance website functionality and usability.
- Stay up-to-date with industry trends and emerging technologies to recommend and implement improvements.

IT

## GIIT Africa

Jan 2022 - Apr 2022 (4 months)

- Assisted in the development of web applications and participated in coding and debugging tasks.
- Collaborated with the design team to implement responsive layouts and ensure pixel-perfect design execution.
- Conducted usability testing and gathered user feedback to make iterative improvements to the user interface.
- Worked closely with senior developers to learn best practices in web development and coding standards.

## Education

### **Institut universitaire du Bénin (IUB)**

Bsc, Information Technology

2020 - 2023

Relevant Coursework: Web Development, User Interface Design, JavaScript Programming, Responsive Web Design.

## Skills

Front-End Development • Bootstrap (Framework) • React.js • Responsive Web Design •  
Communication • Problem Solving • Cross-browser Compatibility • Git • Performance Tuning
